## **ROKU REMOTE**

# LUXSPEED

#### **BASIC REMOTE CONTROLS**

The Roku remote resembles your traditional TV remote, you can use it to power your TV on and off. You'll also have the ability to toggle your sound higher or lower. Although the back button is overlooked, it's one of the most used buttons on any remote. It's on the left-hand side of your remote and comfortably positioned. **Anytime you need to access your main screen with your applications, you can press the Home button on your remote to return to that screen.** 

#### **CHANNEL SHORTCUTS**

All of Roku's remotes come with channel shortcut buttons to help you jump right into your favorite subscriptions. One-click and you're there. Some 'quick' buttons differ depending on the model of your remote, but Netflix is a constant. Other channel shortcuts may include CBS All Access, Hulu, and Sling TV.

## **REALCHOICE TV**

#### MAIN SCREEN

Welcome to your main screen on the RealChoice TV app. You have the main menu of **Full Screen, Channels List, Guide, Recordings,** and **Favorites**. If you want to view the current channel full screen, just use your remote to navigate the screen and press "OK" if at anytime you want to come back to this screen, press the back button.

#### **CHOSING A CHANNEL**

From your main screen, scroll down to **Channels List**, this is where you can see a list of channels and browse until you make your selection. Press "OK" once you found a channel you want to watch. The red line on your screen shows current the LIVE broadcast.

#### **CHANNEL LIST**

This is a secondary way to access your channels, this method is listed under "**Guide**" and shows one channel at a time including a title and description of the show. Once you've made a selection press "OK"

#### DVR

If you have a show you want to record, use your channel list to locate your show and press the star key on your remote and a list will pop up allowing you to select "**record**." If there is a series you want to record you can select that off the list as well.
